Capability Statement

We build, maintain, and repair federal facilities that cannot close.

EBSS Unlimited is a service-disabled veteran-owned general contractor in DeSoto, Texas. We plan and manage construction, maintenance, inspection, and testing in VA medical centers and other occupied federal buildings across Arkansas, Colorado, Louisiana, Mississippi, Oklahoma, and Texas.

LEADERSHIP

Eric Bray
FOUNDER & PRESIDENT
Captain, U.S. Navy (Ret.). 27 years in Explosive Ordnance Disposal. Commanding Officer, Naval Ordnance Safety and Security Activity, the Navy's explosives-safety authority, 2019-2022. Legion of Merit, Bronze Star.

Wayne Boyter
CO-OWNER & OPERATIONS MANAGER
In construction since 1984, in management since 1993. Founded Acumen Enterprises, Inc. in 2001. Louisiana General Contractor No. 55926. USACE Construction Quality Management.

A principal answers for every job, from award through closeout.

CORE CAPABILITIES

Construction. HVAC and mechanical, electrical, renovations in occupied spaces, roofing, emergency repair and replacement, and construction management run by the owners.

Inspection, testing, and maintenance. Elevator, medical gas, and fire suppression inspection; potable and sterile processing water testing; preventive maintenance of transfer switches, generators, chillers, boilers, and roofs; central plant operations.
